

Vital Eco Super Floc

Natural Bio-Polymer Flocculant

2026

Gulf Elite Chemicals Factory

Exclusive Gulf partner for Vital Chemical - 50 years of Australian innovation

SAUDI MADE

1. Product Overview

Product: Vital Eco Super Flocc

Distributed by: Gulf Elite Chemicals Factory

Manufactured by: Vital Chemical (Australia)

Category: Water Treatment

Vital Eco Super Flocc is a natural, water-soluble bio-polymer flocculant designed for wastewater treatment. It binds suspended and dissolved particles to form large, stable particles for efficient water purification.

Key Features:

- Natural, water-soluble bio-polymer flocculant
- Binds suspended and dissolved particles
- Forms large, stable particles for efficient purification
- Eco-friendly and biodegradable
- Effective in diverse flow conditions

Applications:

- Construction site wastewater treatment
- Mining water management
- Industrial effluent treatment
- Stormwater management
- Environmental remediation water treatment

Safety & Handling

This product is formulated by Vital Chemical (Australia) and distributed exclusively in the Gulf region by Gulf Elite Chemicals Factory. Please follow all safety guidelines and use appropriate personal protective equipment (PPE) during handling and application.

- Wear appropriate PPE: gloves, safety goggles, protective clothing
- Store in cool, dry place away from direct sunlight
- Keep containers sealed when not in use
- Refer to product-specific MSDS for detailed safety information

Partnership & Distribution

Gulf Elite is the exclusive Gulf partner for Vital Chemical, bringing 50 years of Australian innovation to the region. All Vital Chemical products are backed by extensive research and field testing across global markets.

Certifications

- Gulf Elite Chemicals: ISO 9001:2015, ISO 14001, ISO 45001:2018
- Saudi Aramco Vendor Registration (Code: 10111309)
- IECA Member - International Erosion Control Association
- Vital Chemical: 50 years of proven Australian formulations
