

Vital Polykelp

Soil Stabilisation + Trace Elements

2026

Gulf Elite Chemicals Factory

Exclusive Gulf partner for Vital Chemical - 50 years of Australian innovation

SAUDI MADE

1. Product Overview

Product: Vital Polykelp

Distributed by: Gulf Elite Chemicals Factory

Manufactured by: Vital Chemical (Australia)

Category: Revegetation

Vital Polykelp provides soil stabilisation combined with essential trace elements delivery through a unique chelating mineral delivery mechanism. It strengthens soil structure while providing efficient nourishment for plant growth.

Key Features:

- Soil stabilisation + trace elements delivery
- Unique chelating mineral delivery mechanism
- Strengthens soil structure
- Efficient nourishment delivery
- Essential trace elements for plant growth
- Optimum nutrient uptake
- High-performance agricultural outcomes

Applications:

- Agricultural soil improvement
- Revegetation projects requiring nutrient supplementation
- Mining site soil rehabilitation
- Infrastructure project landscaping
- Environmental restoration

Safety & Handling

This product is formulated by Vital Chemical (Australia) and distributed exclusively in the Gulf region by Gulf Elite Chemicals Factory. Please follow all safety guidelines and use appropriate personal protective equipment (PPE) during handling and application.

- Wear appropriate PPE: gloves, safety goggles, protective clothing
- Store in cool, dry place away from direct sunlight
- Keep containers sealed when not in use
- Refer to product-specific MSDS for detailed safety information
