

# Vital Slurry Thick

Natural Biodegradable Thickening Agent

2026

Gulf Elite Chemicals Factory

*Exclusive Gulf partner for Vital Chemical - 50 years of Australian innovation*

**SAUDI MADE**

## 1. Product Overview

**Product: Vital Slurry Thick**

**Distributed by: Gulf Elite Chemicals Factory**

**Manufactured by: Vital Chemical (Australia)**

**Category: Water Treatment**

Vital Slurry Thick is a natural, biodegradable thickening agent based on organic gums that solidifies liquefied spoils or mining tailings on-site. It converts liquids to handleable solids, simplifying stockpiling and waste removal.

**Key Features:**

- Natural, biodegradable thickening agent (organic gums)
- Fully biodegradable
- Rapid binding action
- Converts liquids to handleable solids
- Versatile for mining and construction
- Simplifies stockpiling and waste removal

**Applications:**

- Solidification of liquefied spoils
- Mining tailings management
- Construction waste water solidification
- On-site waste handling and disposal
- Environmental cleanup operations

## Safety & Handling

This product is formulated by Vital Chemical (Australia) and distributed exclusively in the Gulf region by Gulf Elite Chemicals Factory. Please follow all safety guidelines and use appropriate personal protective equipment (PPE) during handling and application.

- Wear appropriate PPE: gloves, safety goggles, protective clothing
- Store in cool, dry place away from direct sunlight
- Keep containers sealed when not in use
- Refer to product-specific MSDS for detailed safety information

## Partnership & Distribution

Gulf Elite is the exclusive Gulf partner for Vital Chemical, bringing 50 years of Australian innovation to the region. All Vital Chemical products are backed by extensive research and field testing across global markets.

## Certifications

- Gulf Elite Chemicals: ISO 9001:2015, ISO 14001, ISO 45001:2018
- Saudi Aramco Vendor Registration (Code: 10111309)
- IECA Member - International Erosion Control Association
- Vital Chemical: 50 years of proven Australian formulations
